

Kids Shakes

What are they?

- A nutritional shake mix especially designed for kids with 17 essential vitamins & minerals kids need every day
- 3 delicious flavors: Vanilla, Chocolate and Strawberry

Kids Shakes

How do they work?

Kids can consume 1 or 2 shakes per day based on their daily protein requirements

- Recommended protein requirements:
 - 1 shake per day for ages 4 – 8 years
 - 2 shakes per day for ages 9 – 13 years
- A great alternative as a healthy snack or complement to a child's balanced meal

Kids Shakes

Why are they important?

- Provide antioxidant nutrients to help protect cells
- Provide high quality blend of protein required for optimum growth
 - 6g from powder & 9g from 2% reduced fat milk or soy milk
- Provide calcium and phosphorous to help build strong bones and teeth
- Provide good source of fiber to support digestive tract health and promote regularity

Kids Shakes Herbalife Unique Solution

- Contain a unique blend of herbs and botanicals that are safe for children
- Contain antioxidants acerola and rosehips, chamomile as well as ginger which help to soothe and aid digestion
- May be taken as part of a personalized Herbalife Kids™ program including MultiVites or Kindermins®, depending on the child's age
- No artificial colors, flavors, or sweeteners

Kids Shakes Key Message

- A great tasting, nutritional shake for kids
- Contain no artificial colors, flavors or sweeteners
- Can be part of a balanced meal or served as a healthy snack
- Easy to prepare
